

Exam # _____

**Federal Trademark Registration
Spring, 2006
Mid-Term Examination
March 22, 2006**

Instructions:

- You have 2 hours to complete this examination. Please write your answers in a blue book (the idea on the answers is short answers or mini-essays), with the exception of Question 1(b) and possibly 1(c). For Question 1(b), your answer will consist of your completion of the TEAS trademark electronic application form attached to this examination; the answers to Question 1(c) may be written on the TEAS form and/or in the blue book, but please be clear as to what section of the form you are referring.
- This examination counts as one-third of your grade. I have assigned 100 points to this examination. The number of points applicable to each question are listed alongside the question numbers.
- Use an exam number; do not use your name anywhere. Please return your exam to the proctor in the blue book. Please place your exam number on the exam and on your TEAS form in the event they get separated from the blue book.
- This is a closed book exam.
- Unless otherwise specified, all questions pertain to the United States federal trademark registration system under the Lanham Act.
- Following is the point distribution:

<u>Question Number</u>	<u>Point Value</u>
1(a)	20
1(b)	15
1(c)	15
2	5
3	7
4	7
5	4
6	10
7	6
8	6
9	<u>5</u>
Total:	100

Questions:

1. Attached to this examination you will find the following documents: corporate information for Washington Street Café, Inc. (for purposes of this exam, we are assuming the corporation is still active and that the President's name is John Hummus); a TEAS form wizard for a trademark registration application (the first two PTO web pages); the results of searches in the Acceptable Identification of Goods and Services Manual after inputting "catering" and "restaurant"; and, two of the web pages from the client's web site (in order to simplify this question, please assume that the "DURGIN LANE CATERING" portion of the mark does not exist and that all services are rendered under the mark "WASHINGTON STREET CAFÉ").

John Hummus, President of Washington Street Café, Inc. (the café right next to the school – there is a good chance each of you have eaten there at least once since you came to Pierce Law), comes to you to obtain protection for his corporation's trademark for WASHINGTON STREET CAFÉ (with or without design – he is asking you for advice on this point). He only has sufficient legal fees to pay for one application at the present time. He is willing to electronically sign the application. The marks (with and without logo) have been in the same use now as at the time of incorporation.

You conduct a trademark search and find a "live" federal trademark registration for WASHINGTON STREET CLOTHING COMPANY for clothing (registered in 1976) and a 2002 tradename registration in the State of New Hampshire for WASHINGTON STREET INN for an inn in Conway, NH, but you can find no further information on the inn on the Internet or by telephone directory. NH tradename registrations are valid for five years. You find no other potentially conflicting marks.

- (a) (20 points) Please describe the advice you will give Mr. Hummus relative to whether you recommend applying for registration of the mark with or without the logo and why; and the chances of obtaining a federal trademark registration, covering the issues of distinctiveness, likelihood of confusion, and interstate commerce.
- (b) (15 points) Mr. Hummus wants to apply for a federal trademark registration for the mark you recommend in question 1(a) above. Please check the appropriate circles and fill in the appropriate blanks on the TEAS form provided (note I was if anything over-inclusive on the modules I made the form wizard display) to file the trademark registration application.

- (c) (15 points) Explain why you selected (or did not select) the circles you selected (or did not select) and identify which modules or circles may come into play later in the application and why. To the extent you have sufficient space, you may write your answers on the TEAS form rather than the blue book. Please be clear as to what your analysis applies, however, if your answer to this question is all or partially in the blue book.
2. (5 points) When do trademark rights attach to a mark? Please reference the source(s) of law in your answer.
 3. (7 points) List the five statutory requirements to obtain a filing date when filing a trademark application. List two items that are required at some point before registration will issue (there are many more than two) that are not on this list of five items.
 4. (7 points) List seven different sources of information you could use for a trademark search (note: we talked about at least eight in class). If you list multiple sources of information that provide substantially the same function or substantially the same information, it will only count as one source.
 5. (4 points) During what time period can you file a preliminary amendment?
 6. (10 points) How long do you have to file a response to an office action? If you fail, what happens? What is a priority office action and what are its deadlines?
 7. (6 points) Five years after the date of registration is important for what 3 reasons?
 8. (6 points) Name three ways trademark owners can police their mark.
 9. (5 points) What is the difference between a statement of use and an amendment to allege use?

TRADEMARK/SERVICE MARK APPLICATION FORM WIZARD

TEAS

Version 3.3.1 : 02/25/2006

To file the application electronically, please complete the following steps:

1. Answer each question below to create an application form showing only sections relevant to your specific filing. Although we strongly recommend that you use this FORM WIZARD, you can skip by clicking on Standard Form.
2. For more information regarding any of the questions, go to HELP or click on the underlined word. While the different sections of the form may appear straightforward and easy to fill out, we strongly suggest that you read the HELP instructions very carefully for each section prior to completing it. Failure to follow this advice may cause you to fill out sections of the form incorrectly, jeopardizing your legal rights.
3. After answering all wizard questions, click on NEXT button at bottom of wizard.
4. Once in the actual form, complete all fields for which information is known. Fields with a red * symbol are mandatory fields for filing purposes and must be completed.
5. Validate the form, using the "button" at the end of the form. If there are errors, return to the form to enter correction. A "warning" may be corrected or by-passed.
6. Double-check all entries through the links displayed on the Validation page.
7. You may save your work for submission at a later time by clicking on the Download Portable form button at the bottom of the Validation page.
8. When ready to file, use the Pay/Submit button at the bottom of the Validation page. This will allow you to choose from three (3) different payment methods: credit card, automated deposit account, or electronic funds transfer.
9. After accessing the proper screen for payment, and making the appropriate entries, you will receive a confirmation screen if your transmission is successful. This screen will say SUCCESS! and will provide your assigned serial number.
10. You will receive an e-mail acknowledgement of your submission, which will repeat the assigned serial number and provide a summary of your submission.

Once you submit an application, either electronically or through the mail, we will not cancel the filing or refund your fee, unless the application fails to satisfy minimum filing requirements. The fee is a processing fee, which we do not refund even if we cannot issue a registration after our substantive review.

NOTE: This form has a session time limit of 60 minutes. A session begins once you create and enter the form via the Form Wizard. If you exceed the 60 minute time limit, the form will not validate and you must begin the entire process again. Therefore, you should have all information required to complete the form available prior to starting your session.

1. What is your filing basis?

NOTE: More than one basis may be selected, but do **NOT** claim both §§1(a) and 1(b) for the **identical** goods or services in one application. If claiming a Section 1(a) basis, it is **NOT** necessary or appropriate also to claim a Section 1(b) basis for the same goods or services, simply to indicate an intent to *continue* using the mark for those goods or services - the Section 1(a) basis covers this.

Privacy Policy Statement

The information collected on this form allows the PTO to determine whether a mark may be registered on the Principal or Supplemental register, and provides notice of an applicant's claim of ownership of the mark. Responses to the request for information are required to obtain the benefit of a registration on the Principal or Supplemental register. 15 U.S.C. §1051 et seq. and 37 C.F.R. Part 2. All information collected will be made public. Gathering and providing the information will require an estimated 15 to 23 minutes (depending if the application is based on an intent to use the mark in commerce, use of the mark in commerce, or a foreign application or registration). Please direct comments on the time needed to complete this form, and/or suggestions for reducing this burden to the Chief Information Officer, U.S. Patent and Trademark Office, U.S. Department of Commerce, Washington D.C. 20231. Please note that the PTO may not conduct or sponsor a collection of information using a form that does not display a valid OMB control number.

Mark Information

Before the USPTO can register your mark, we must know exactly what it is. You can present a mark in one of two ways: (1) standard characters; or (2) stylized and/or design. When you click on one of the two circles below, and follow the specific instructions, the system will automatically create a separate page that displays your mark. Only **one** mark may be submitted per application. Also, you may **not** be able to correct your mark after filing this application. While minor changes in the mark are *sometimes* permitted, any material alteration will **not** be permitted and will result in a refusal being issued on that ground.

WARNING: AFTER SEARCHING THE USPTO DATABASE, EVEN IF YOU THINK THE RESULTS ARE "O.K.," DO NOT ASSUME THAT YOUR MARK CAN BE REGISTERED AT THE USPTO. AFTER YOU FILE AN APPLICATION, THE USPTO MUST DO ITS OWN SEARCH AND OTHER REVIEW, AND MIGHT REFUSE TO REGISTER YOUR MARK.

Click on this circle to register a word(s), letter(s), and/or number(s), or any combination thereof,

**Standard
 Characters**

with **no** design element **and** without claim to any particular font, style, size or color.

Enter the mark here: (Note: The entry can be in capital letters, lower case letters, or a combination thereof.)

OR

**Stylized
 and/or
 Design**

Click on this circle to register a stylized word(s); letter(s); number(s); or a design, either by itself or combined with stylized word(s), letter(s), and/or number(s).

Click on the 'Browse' button to select a properly-sized JPG image file (the **only** accepted format) from your local drive that shows the complete, overall mark (e.g., the stylized representation of the words; or, for a mark consisting of a design and words, the image of the complete "composite" mark, **not** just the design element alone). If claiming color, you **must** submit a color image; otherwise, the image must be clear black-and-white. **NOTE:** The image files for the mark and the specimen (if filing under Section 1(a), use in commerce, and showing actual use in commerce of the mark at the time of this filing) should **NOT** be the same files. The mark file should **ONLY** show the mark by itself, and **not** a representation of how the mark is used, e.g., on the overall packaging for the goods or within an advertisement for services. The file that shows the complete package for the goods or a full advertisement for the services, with the mark clearly displayed thereon or within, would be, e.g., the appropriate attachment in the specimen section of this form (which only appears where a Section 1(a) filing basis has been claimed).

* **Mark**

For any image that also includes a word(s), letter(s), and/or number(s), enter the LITERAL ELEMENT only of the mark here:

NOTE: Do **not** enter any word(s), letter(s), or number(s) that do not appear in the attached image; the image file **must** reflect the overall mark, consisting of the design **and** the word(s), letter(s), and or number(s).

Check here if you are claiming that the mark consists of standard characters without claim to any particular font, style, size or color. **NOTE:** Do **not** check this box if you have already made an entry in the standard character section, *above*.

Check here if claiming color as a feature of the mark, and identify the colors (e.g., enter red and blue):

If other than a mark in standard characters, describe the mark, and if appropriate, list the portions of the mark that are in color and the corresponding color for each. **NOTE:** Enter a description of the mark **ONLY** if what the mark represents is not immediately clear, or to identify the portions of the mark that are in color. I.e., if the mark is black-and-white, and is not abstract or overly stylized, no description is necessary; the description is appropriate only where the degree of stylization is so great that the intended mark is not necessarily apparent (e.g., a stylized C that is also intended to form the body of a cat).

The mark consists of:

NOTE: Do **NOT** include as part of the description either the words "The marks consists of" or a final period, because that introductory wording and the punctuation

will automatically be added after validation; otherwise, the overall description will have improper repetitions.

This section is for the entry of various statements that may pertain to the mark. In no case must you enter any of these statements for the application to be accepted for filing (although you may be required to add a statement(s) to the record during the actual prosecution of the application). To select a statement, check the box and enter the specific information relevant to your mark. The following are the texts of the most commonly asserted statements:

- DISCLAIMER:** "No claim is made to the exclusive right to use _____ apart from the mark as shown."
- STIPPLING AS A FEATURE OF THE MARK:** "The stippling is a feature of the mark and does not indicate color."
- STIPPLING FOR SHADING:** "The stippling is for shading purposes only."
- PRIOR REGISTRATION(S):** "Applicant claims ownership of U.S. Registration Number(s) _____ and others."
- TRANSLATION:** "The foreign wording in the mark translates into English as _____."
- TRANSLITERATION:** "The non-Latin character(s) in the mark transliterate into _____, and this means _____ in English."
- §2(f), based on Use:** "The mark has become distinctive of the goods/services through the applicant's substantially exclusive and continuous use in commerce for at least the five years immediately before the date of this statement."
- §2(f), based on Prior Registration(s):** "The mark has become distinctive of the goods/services as evidenced by the ownership on the Principal Register for the same mark for related goods or services of U.S. Registration No(s). _____"

Text Form for E-Signatures

Check here if you want to e-mail the Text Form (available after clicking on the Validate Form button, below) to the proper signatory(ies) for that person(s) to sign the application electronically. NOTE: If you later determine that you do NOT want to use the e-signature option, but instead now want to file with no signature (acceptable for filing date purposes), you may "uncheck" the box and continue the submission process. However, to sign directly, you must return to the initial form wizard and answer NO to the final question about obtaining a signature via the text form.

NOTE: If necessary, the actual signatory may complete the following fields directly on the Text Form:

Signatory's Name

Signatory's Position

Click on the desired action:

The "Validate Form" function allows you to run an automated check to ensure that all mandatory fields have been completed. You will receive an "error" message if you have not filled in one of the five (5) fields that are considered "minimum filing requirements" under the Trademark Law Treaty Implementation Act of 1998. For other fields that the USPTO believes are important, but not mandatory, you will receive a "warning" message if the field is left blank. This warning is a courtesy, if non-completion was merely an oversight. If you so choose, you may by-pass that "warning" message and validate the form (however, you cannot by-pass an "error" message).
